

QUICKSLIDE FOR POWERPOINT

PRESENTATION CREATION MADE EASY

Bonn, Oct./Nov. 2021

Group Brand Marketing 025

**Deutsche Post DHL
Group**

QuickSlide – The efficient PowerPoint solution for DPDHL Group

PRODUCTIVITY

Efficient Workflows

- Simplified processes for all users and optimized efficiency for experienced users
- Efficient and structured creation of high-quality on-brand presentations

CONTENT MANAGEMENT

Organization / Collaboration

The central slide pool allows you to manage your favorites, either individually or for your team. Graphic elements (info boxes, icons, illustrations and charts) can also be curated in this way.

CORPORATE DESIGN

Corporate Design (CD)

- Access to the latest master PowerPoints at all times
- Direct access to the Brand Hub's Media Library
- All elements and functions comply with current CD
- Automated CD and size check – plus additional functionalities

Getting started in QuickSlide – discovering the basics

Here are just some of the highlights in the QuickSlide menu view

The image shows the QuickSlide menu view with various icons and callouts. The menu is organized into sections: QuickStart, Slide, Slide Pool, Elements, Media Connector, Agenda, Data, Edit, Shapes, Text, Check, Send, Creative Services, Save, and Extras. Callouts provide detailed information about each section.

- Choose from hundreds of slides sorted by theme:** Add your favorite layouts to the pool and manage frequently used slides for your team or just for yourself.
- The interface to all Media Library images and video footage** in the Brand Hub: Find your favorite images and insert them directly into your presentation with just one click.
- A whole new tool box available** at the click of a mouse.
- Benefit from a multitude of editing functions** to give your presentation the finishing touch: **Discover the corporate wording, brand and consistency check.** The **Weight Watcher** helps you keep an eye on the file size of your presentation.
- Send your file or selected slides** as a PPTX or PDF via e-mail.
- How to get started incl. help files** available online.
- Get started with the latest templates or update any outdated branding or formats in your existing presentations.**
- Images, logos, and other graphic elements** are available here for immediate use. You also can **add your own content.**
- Connect your Excel files** with this tool and **add smart elements** that update automatically based on your charts.
- Forget searching for the right tool across different menus – all the tools you need to edit your slides** are now **in one single location.**
- Short on time? Need creative support?** Send your file by e-mail to TAG Creative Services Bonn.

QuickSlide – How to order and get started

Central software ordering:

QuickSlide is available globally for all Deutsche Post DHL Group divisions via **Request IT** – excluding P&P Germany.

QuickSlide is not yet listed in all catalogues. Should this be the case for your catalogue, please contact your local IT support.

QuickSlide is subject to a **license fee** and costs approx. **€60 per user/year**.

Training & support

- Support is available Online, via Email or Hotline. **Links and contacts are available on the next slide.**
- **Webinar dates and further information** can be found here: <https://strategy-compass.com/en/quickslide-dpdhl>
- Individual **team trainings** can be arranged upon request – see next slide.
- For a **quick introduction** into what QuickSlide can offer, simply click on the following 20min tutorial.
